

**MAXXIS®**

THE **NEW GENERATION**  
OF PASSENGER  
PERFORMANCE.

**NEW**

## **MA-P5 MECOTRA**

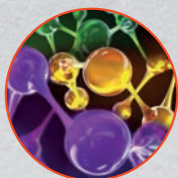

**Even more mileage, grip and  
comfort, with improved fuel  
economy as well.**

The MA-P3 earned its stripes across New Zealand with confident grip and long lasting wear. Now its successor is here - with all of the MA-P3's excellence but even more grip, higher levels of comfort, longer wear and significantly increased fuel economy.

NEW

# MECOTRA MA-P5

### Smarter highway running

Triple-polymer construction combines resilient impact response and improved ride comfort with low rolling resistance for economical running.

### Smarter handling

New high-grip performance resin for ultra-capable road adhesion and better control in the wet.

### Smarter comfort

Features Maxxis' signature noise reduction tread design technology to reduce unpleasant frequencies and ensure an even quieter ride in the cabin.

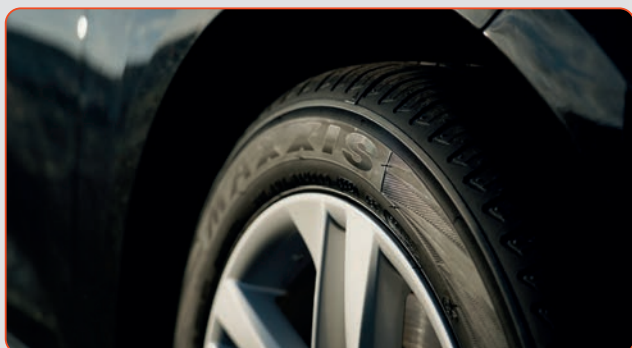

### Safer wet grip

New double-inverted angle shoulder lug design to quickly drain water away and ensure confident grip in the rain.

### Longer wear

Refined rubber construction for greater wear resistance and even contact pressure across the tread.
